**Comments from
Internship Providers...**

The program is amazing. I am glad to work with you for the second consecutive year and I am looking forward to continue to do so.

The program is excellent in giving today's youth experiences where they can consider their career choices.

These interns were an amazing help to our organization and I believe they learned many valuable life skills through their experience.

The internship motivates students to help out in their communities.

One of the strengths is the actual website and the employers ability to review resumes of students seeking internships.

Comments from Interns...

I feel very comfortable in the field I am pursuing. Being able to gain experience in a professional environment is the opportunity of a lifetime.

The program has allowed me to expand my knowledge in my field of interest. Also, the pre-internship course helped me be better prepared to start working and to give me an idea on what would be expected of me during the internship.

I didn't feel alone throughout the whole process and felt informed throughout the whole program.

3,896 Students Applied
3,055 Enrolled in Internship

99% of students enrolled completed internship

105 Interns also achieved College Credit

Overall satisfaction results indicate:
Youth satisfied with the program96.6%
Employers satisfied with interns97.5%
